Mr. Wilkinson,

Thank you for taking my call today. As discussed, you indicated that you would like to reduce your permitted acreage from 10 acres down to 6 acres. The bond that was submitted in the amount of \$36,900 would cover a 6-acre site. To do this, you will need to submit the following information:

1. A Small Mine Reclamation Contract needs to be submitted. You can access the form here:

[https://fs.ogm.utah.gov/PUB/MINES/Minerals\\_Related/FORMS/MR-RC-SMO.pdf](https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-RC-SMO.pdf)

2. You will need to amend your existing Notice of Intent. Please refer to the letter in this attached email with instructions on where to make the changes reducing the acres from 10 down to 6. The form needed to file the changes can be accessed here:

[https://fs.ogm.utah.gov/PUB/MINES/Minerals\\_Related/FORMS/MR-REV-SMO\\_EXP.pdf](https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-REV-SMO_EXP.pdf)

Thank you and please contact me if you need some assistance in filling out the paperwork.

Regards,

April
